

ITEM 147-101-R0510

Revision of Policy 503.1, Alcoholic Beverages

THAT

The Board of Regents of Higher Education adopts revisions to its Policy 503.1, Alcoholic Beverages

EXPLANATION

In conjunction with a request from the Montana Risk Management and Tort Defense Division, and following a review of campus alcohol serving policies and state law, the Montana University System's Risk Assessment and Management Committee has recommended revisions to Board of Regents' Policy 503.1, relating to alcoholic beverages. These changes clarify allowable practices and set forth specific requirements regarding the sale and service of alcohol on campus. The major provisions of the revised policy are as follows:

- Campuses shall establish written policies and procedures for authorization of events held on university system property by affiliated and non-affiliated groups, consistent with policy requirements.
 - Such authorizations will address the use of a licensed vendor, and liability, indemnification and insurance issues.
 - All possession, service and sale of alcohol must be in compliance with state law, as well as the campus and Board of Regents policies.
