Authorization to Lease Athletic Facilities to MSUN Foundation; MSU-Northern  
*ITEM 155-2801-C0412*

Deputy Commissioner Mick Robinson noted this project requests approval to lease athletic facilities to the MSU-Northern Foundation for the purpose of construction improvements project and that the facility improvements are to be funded entirely by donations flowing through the MSU-Northern Foundation. Current statute allows for in-kind contributions to be blended into athletic construction projects which will allow the project to proceed more quickly. Mr. Robinson noted the project would follow all requirements pertaining to board approval and alignment with state government architecture processes.

Chancellor James Limbaugh, MSU-Northern, explained the campus is working on rebuilding the campus with focused efforts to improve the facilities. He added they are making a statement to students and the community that they are looking forward to a brighter future. Chancellor Limbaugh clarified this first phase is to replace the bleachers and floor.

Shauna Albrecht, executive director of MSU-Northern Foundation, spoke in support of the lease option and the renovation project.

MSU President Waded Cruzado stated full support of the project.

Regent Pat Williams raised the concern of athletic facilities raising funds to build facilities and the possible perception created that there is inequity in the campuses. He clarified his concern that other departments cannot raise the money for these facilities and urged the board to consider that in future actions.
