

MINUTES OF THE  
BOARD OF REGENTS OF HIGHER EDUCATION  
MONTANA UNIVERSITY SYSTEM

October 7, 1975  
Helena, Montana

The Board of Regents convened by conference call to act on a request from Governor Thomas Judge that a professor from the University of Montana Law School be permitted to begin work in his office immediately.

Mr. Heberly moved that the Board approve an amendment to Professor Larry Elison's contract to one quarter time for this academic year at the University of Montana Law School in order to release him to work as an administrative assistant for the Governor, and that the Commissioner notify the Governor to that effect, but also point out to him the awkwardness of the procedure and timing in this instance. The motion carried unanimously and the meeting adjourned.
