Re: **Proposed Inventory of Fees**

Yesterday Student Senate met to review the proposed new fees and increases in existing fees. I am pleased to report that we approved all new and increased fees unanimously. Specifically, we approved:

1. A 3% increase in all mandatory fees except for the network services fee and student government fee;
2. An increase in the challenge test fee from \$10 to \$20;
3. The computer fee increase of \$8.21, which includes a \$7.00 increase for the new service of student e-mail accounts;
4. The new e-payment fee of \$10 for charges of \$800 or more;

We understand that tuition will also increase next year by 13%.
