Policy and Procedures Manual

SUBJECT: GOVERNANCE AND ORGANIZATION

Policy 209.1 – Community Colleges; Division of Governance; Responsibilities

Effective: April 21, 1980; Issued: May 15, 1980

I. Statutory authority: § 20-15-103, MCA

II. Board policy:

The board of regents of higher education, recognizing the dual governance of community colleges by the board of regents of higher education and the boards of trustees of the community college districts, hereby adopts the following guidelines with respect to governance authority.

The division of responsibilities for the governance of the community colleges in Montana stems from article X, section 9, paragraph (2)(a) of the Montana constitution.

"The government and control of the Montana university system is vested in a board of regents of higher education which shall have full power, responsibility, and authority to supervise, coordinate, manage and control the Montana university system and shall supervise and coordinate other public educational institutions assigned by law."

A. § 20-15-103, MCA, places the supervision of the community college districts under the board of regents of higher education who shall:

1. Appoint a coordinator of community college districts and request a legislative appropriation for the operation of his or her office;
2. Formulate and put into effect uniform policies as to budgeting, record-keeping and student accounting;
3. Establish minimum entrance requirements and approve curricular offerings for all community colleges;
4. Direct each community college district to seek accreditation from a recognized accrediting association.

Since the terminology "management and control" to those institutions assigned by law is explicitly omitted from the constitutional language, this function is vested in the local boards of trustees of the community college districts except where otherwise specified by Montana statutes.

B. The following categories will serve as a basis for dividing the governance responsibilities of the board of regents of higher education and the local boards of trustees of the community college districts:

1. Degree authorization and curriculum
2. Budgetary and fiscal matters
3. Presidents, faculty and personnel
4. Student affairs
5. Property and construction
6. General

The board of regents of higher education will adopt policy with respect to those areas of governance of the community college districts dictated by the constitution and laws of Montana. Such policy can be found in the
