ITEM 184-1501-R0919

Mission Statement Review: Montana Tech

THAT

The Montana board of regents confirms its approval of Montana Technological University's mission statement.

EXPLANATION

BOR Policy 219 requires review of campus mission statements by the board of regents on a 3-year cycle.

Mission statement review: Montana Technological University

Per Board of Regents policy 219 – Mission Statements; Montana University System, mission statements shall be reviewed by the regents every three years.

Provided below is the institutional classification description and mission statement of Montana Technological University for your review.

Institutional Classification:

Special Focus Universities: Special Focus Universities possess a high concentration of degrees granted, typically 75% or more, in a single field or set of related fields. These institutions offer education primarily at the baccalaureate level. These institutions may also offer select graduate-level programs. These institutions engage in research within the defined area of focus. Admissions policies at these institutions define specific preparation levels necessary for student success at the institution.

Mission Statement:

Montana Technological University, through exemplary undergraduate and graduate education, workforce development, research, and service, builds on a strong heritage in engineering, science, and technology that blends theory with practice in meeting the changing needs of society and the responsible development and use of natural resources.

Vision Statement:

To be a leader for undergraduate and graduate education and research in the Pacific Northwest in engineering, science, energy, health, information sciences, and technology.

NWCCU Core Themes:

The following Core Themes were developed to meet the requirements of the Northwest Commission on Colleges and Universities.

- Education and Knowledge
- Student Achievement
- Engaged Faculty
- The Montana Tech Community
