Request for authorization to approve a revised mission statement, Montana State University Great Falls College

THAT

The Montana Board of Regents grants approval of GFC MSU's revised mission statement.

EXPLANATION

GFC MSU's current mission statement is:

We educate and inspire you.

GFC MSU's revised mission statement is:

Great Falls College MSU provides high quality educational experiences supporting student success and meeting the needs of our community.

Following input from the Northwest Commission on Colleges and Universities (NWCCU) 2018 Mid-Cycle Report and visit, the college elected to conduct a review of the strategic planning process. This process ensued over the course of the 2018-2019 academic year and resulted in a number of revisions.

We seek Board approval of our revision as an important step to finalizing our revisions to the strategic plan.
