

Attachment 1: Board of Regents Policy – Physical Plant Section 1003.7

This authority is for an amount greater than \$500,000, which requires the following additional information:

(a) Project Description:

The project will include the design and renovation of space within Barnard Hall to provide space and infrastructure to serve MonArk Quantum Foundry research. The design improvements will address existing deficiencies and improve the space to meet the needs of the research being conducted under a \$20,000,000 grant awarded to MSU and the University of Arkansas.

(b) Cost Estimate and Funding Sources:

Estimated Cost: \$2,000,000

Funding Sources: The project will be paid for using physical plant funds.

(c) Program Served, Enrollment Data, Projected Enrollment:

The space will serve the MonArk Quantum Foundry program and its growing research faculty, students, and staff.

(d) Space Utilization Data:

The approximately 2,400 square feet of space identified for renovation has been approved through the MSU Space Management Committee consistent with campus Space Management Policy.

(e) Projected Use for Existing Space Made Available:

No spaces are expected to be made available for other use through the project. Space has been identified to house existing functions displaced by this renovation.

(f) Projected Operations & Maintenance Costs and Funding Sources:

No additional operations & maintenance costs are anticipated to be incurred by the project.
