ITEM 218-1010-LII0525

Request for Authorization to Form the College of Science at the University of Montana

THAT

The Montana Board of Regents approve the Level II Request for authorization to form the College of Science at the University of Montana.

EXPLANATION

The University of Montana requests authorization to form the College of Science. This new formation would merge units and would create a college outside of the current University of Montana College of Humanities and Sciences. Research units would also be located within the proposed College of Science.

The College of Science will build upon the existing faculty and staff. The College's administration will be budgeted from the current academic affairs allocation and form a negotiated distribution of the non-general fund financial resources and administrative personnel supporting the college of Humanities and Sciences

ATTACHMENTS

- Attachment #1: Level II Academic Proposal
- Attachment #2: College of Science Request to Plan
- Attachment #3: Informational one-page sheet
