

November 20-21, 2025

ITEM 221-2701-R1125**Request for Authorization to Construct a Montana Motorcycle Rider Safety Range; Montana State University Billings and Helena College**

THAT

Consistent with BOR Policy 1003.7, and 20-25-302, MCA; the Board of Regents authorizes Montana State University Billings, in partnership with Helena College, to expend up to \$550,000 to construct a certified Montana Motorcycle Rider Safety (MMRS) range and CDL lot for Helena College/MMRS and Montana State University Billings City College.

EXPLANATION

1. Helena College received Commissioner's Approval to design a new MMRS Range and CDL Training Lot in partnership with MSU Billings in March 2025.
2. MMRS is in need of expanding training opportunities and sites.
3. Helena College is partnering with MSU Billings City College to create a state certified MMRS range and be able to utilize the space for CDL training.
4. This project request is to pave and improve the site location to accommodate both programs. Construction will not exceed \$550,000. The new range and training lot will be located adjacent to City College.
5. This project will be funded through MMRS Plant Funds at Helena College.
