

We are Helena College!

Helena College hosted a Firefighter I Certification Academy in collaboration with the MSU-Fire Service Training School in May. Nine students from Livingston, Kalispell, Plains, Thompson Falls, and Great Falls participated in this intensive 2-week course taught by Helena College and Fire Service Training School staff. Students completed the hands-on requirements and are now well on their way to receiving their Firefighter I Certification!

HC K-12 Partnerships hosted a hands-on career exploration event that brought Helena School District sixth graders to campus for an engaging, interactive half-day of learning led by professionals from the Helena community. Students rotated through career-cluster stations, hosted by local industry partners, which included art, memory care, nursing, physical and occupational therapy, aviation, banking, radio, cosmetology and law enforcement.

Our Helena College Spontaneous Construction team successfully defended its title in May. Helena College had eleven people come together and created five amazing pieces. All of the work created this Saturday at the Habitat for Humanity and the Helena Rotary Club fundraiser will be on display at the Farmer's Market in June. What a great teambuilding day and great way to support our community!
