Dear Chancellor Capdeville,

The Montana Board of Plumbers reviewed an April 16, 2003 letter from Bob Nault regarding the possibility of offering a plumbing education program at Montana State University - Northern. The board does support the concept of having a plumbing program offered through Montana State University - Northern. Please remember that the board may, in its sole discretion, give appropriate credit for curriculum offered towards completion of the 5-year apprenticeship requirement.

If there are additional questions please do not hesitate to contact this office.

Sincerely,

A handwritten signature in cursive script that reads "Todd D. Boucher".
